BRICKS 4 KIDZ – WOODBROOK ELEMENTARY SCHOOL

Bricks 4 Kidz after-school LEGO® enrichment program is coming back to Woodbrook Elementary School, with a brand new “World Science” STEM Unit!

Calling all future scientists! Come learn, build and experiment with us! Our budding astronomers, meteorologists, zoologists, and inventors will learn about space, weather, animals, and more! We'll build all sorts of awesome scientific models and gadgets that are sure to spark both imagination and intellect.

Each week, students will build a different STEM model exploring topics in the World Science Unit. Each class begins with a discussion of the topic of the day and the functions of LEGO® Technic pieces are carefully explained and demonstrated as they are incorporated into the model. The cumulative knowledge and learning experience will enhance critical thinking and problem solving skills, as well as foster teamwork. At the end of each session, students are also encouraged to modify the design, unleashing their creativity. The class is fun, exciting and educational.

Class Schedule:

Grades K-3

Mondays 3:45 – 4:45 pm

8 sessions – 1/6, 1/13, 1/27, 2/3, 2/10, 2/24, 3/2, 3/9

Fees: \$130 (for 8 sessions)
